

Phonics & Fluency in Reading

A Parent Workshop

 **Monday 9th February**

 **2:45pm**

 **St Peter and St Paul's Primary School**

What is phonics?

Phonics helps children recognise the sounds that letters and letter groups make. By blending these sounds together, children learn to read words with confidence.

What is reading fluency?

Fluency is the ability to read accurately, smoothly and with expression. Fluent readers understand what they read and enjoy reading more.

What will this workshop cover?

- How phonics is taught in school
- How phonics supports reading and spelling
- What reading fluency looks like at different stages
- Simple, practical ways you can help at home

Who should attend?

All parents and carers of children in **Year 1 and Year 2** are warmly invited to attend.

This session will be particularly useful if you would like to better understand how phonics and fluency are taught in Key Stage 1 and how to support your child's reading journey at home.

Please come along and join us!
