

Dear Families,

The whole school will be taking part in an 'Eco-Week' all next week, where we will be learning all about issues surrounding the environment, as well as what positive changes we can all make to help it!

Parents are invited in to look at hall displays **Thursday 18th July 3-3.20pm (before choir) or **Friday 19th July 8.45– 9am** (before Superstar) or **3 –3.20pm****

Soft Plastics

Did you know that clean, soft plastics like bread bags and chocolate wrappers cannot go in our recycling bins but can be recycled at supermarkets? We will be collecting soft plastics in school all week— please collect any at home and bring it in— we will recycle it for you!

School Uniform Donations

We will be collecting school uniform for Heritage School Uniform shop in Accrington and for a local collection in Rishton where parents can go to for free items. If you have any good quality uniform that is no longer required, please consider donating it by bringing it to school by the last Friday 19th July.

Duracell Big Battery Hunt!

We are still collecting batteries! Empty batteries can be brought into school and we will make sure they are recycled.
